ABOUT US..

WPCDOOR

Aakruti WPC Solid doors are manufactured with advanced technology and have no joints like wooden doors which makes them unique. It is made of a single WPC sheet which has high density. A solid door is used for interior or exterior purposes.

Aakruti WPC Solid Doors are manufactured to achieve high quality, accurate dimensions & precise finish products which customers can decorate easily with CNC carving, high gloss coating, extraordinary digital printing, HPL lamination, PVC Foil lamination, etc. Aakruti WPC Solid Doors are available in different sizes, and thickness ranges, ready to use, and can be made available on special Orders. This product is carpenter friendly, easy to install, and a lifelong product.
